1951 Allard P1 Saloon

Rare sports saloon powered by Ford V8 with lightweight aluminium panels to give exceptional performance for its time, with a top speed of 90 mph, iconic and very elegant lines make this truly stunning vehicle. This particular car, we understand, came from the same batch and with a similar specification to the 1952 Monte Carlo rally winner. The bodywork and interior was restored in around 2000 following a period of dry storage and the mechanics by the present owner's father beginning in 2003. The body is very sound and the overall patina in keeping with an older restoration. The car comes with a photocopy of Motor Sport from March 1952, display boards describing the model and this particular car, some history and a V5C.
