1987 Land Rover Defender 110

Believed to be ex-MOD, this vehicle had a huge amount spent on it in 2014 with a long list of parts replaced including power steering, alternator, springs, cambelt, heater plugs, clutch, shockers and much more, new tyres, new seats under covers, good history with old MoTs, tow bar. Powered by 2.5 litre diesel, with power steering, this Landy drives really well and has a long MOT and nice registration.
