1970 Rover 2000TC

Very sound, solid and attractive car that could be driven anywhere. Was rebuilt many years ago by P6 specialist Kingsdown Classics and used as the proprietor's own car for a number of years. Black paintwork is very good, interior is an unusual crushed red velour taken from a Maltese car which is much more attractive and less bright in reality than may appear in the photos, engine is now the later 2.2 litre unit, providing sweetness, ample power and lead-free motoring. Extras include electronic ignition, "Sundym" glass, ET headrests, wood rim wheel, and towbar. Comes with photos of restoration, good history file, owner's handbook and long MOT. A rare P6 Rover roof-rack is available by separate negotiation.
