1939 Wolseley 12/48

Very original and appears quite sound, running well with delightfully sweet engine that pulls well and good brakes, being offered as a rolling restoration, how much needs doing is partly down to the desired balance between originality and perfection. Mechanically it seems good, body and paint need sympathetic work, the interior will need headlining, sunroof moves and mechanism is intact but needs attention and the doors shut with a reassuring clonk, the seats are largely original with a nice patina. The hydraulic jacking system is present although we haven't tried it. A wonderful project, able to give many hours of fun, improving and driving. Comes with a good registration, some old MOTs, a V5C and an earlier buff logbook.
