**History:** Fine original example with solid body, good black paint with the odd blemish and nice interior, starts easily and drives and stops well, was, we understand, restored around 1990, used regularly until 2015 when it was bought by the present owner who has also made good use of it, possible low mileage, side-screens are stored cleverly behind the seats. Comes with V5 but no history, good hood, starting handle and other tools. A fine roadster.
