## 1972 Citroen DS 20/5

Rare RHD 5 speed Déesse (Goddess), exported to and assembled in South Africa where it remained until 2019, body is exceptionally good because of dry climate, with very little welding, cloth interior is surprisingly good also. Vast amount of money spent on mechanics in recent years including overhauled cooling system, carburettor, starter and alternator, new steering rack, road spheres and exhaust, overhauled brakes, new fuel tank, engine overhaul including unleaded head and much much more. Comes with some original South African documents, Owners Handbook, Workshop Manual, a few spares and some history. Quirky and incredibly comfortable.
